

Spartacus Traveller: Short article on the Freedom Cruise 2009

Schöner Cruisen (“Better Cruising”)

Here we don't talk about cruising in a park at night; we talk about a cultivated cruise.

The Freedom Caribbean Cruise from 25th of January to 1st of February is the biggest exclusively gay cruise of the world. On the Freedom of the Seas – the biggest and one of the most modern cruise ships – entertainment is a top-level issue.

On the way from Miami throughout the Caribbean Sea, it is really hard to decide between the large amounts of spectacular shows, theatre programmes, cabaret events and parties on board.

Or rather sporty? No problem at all. Volleyball courts, pools, or even a boxing ring and an ice rink are available.

And there is a very special destination on the way: Labadee will be the only exclusively gay island in the Caribbean. The dream of a homo-paradise will come true – where Adam don't have to bother if Eva cuts a caper.
